

FOLIO

Foundation Support for Research into Child Development

For the first time in its history, the University's Faculty of Home Economics is to receive funds to support research into child development. The Clifford E. Lee Foundation has committed \$250,000 to support a senior level appointment in this field.

The funds, which will be disbursed over a five-year period, will be used in the Faculty's Division of Family Studies to give leadership in the expansion of the child development component of the family studies program and to enhance research in that area. The position also entails teaching at the undergraduate level. At the end of the initial five-year period, an evaluation will be undertaken to determine whether or not the position will be continued.

The Faculty of Home Economics is also seeking other funds from the appropriate authorities to permit the hiring of a research assistant and to cover other related costs.

According to the Dean of Home Economics, D.R. Badir, it is expected that the new appointee will begin work at The University of Alberta on 1 July 1980. She says that there is a need in Alberta for an "internationally known" expert in the field of child development, from the pre-natal period to the early teens. Dr. Badir adds that, while the Faculty's recruitment plans have not been finalized, it is anticipated that prospective candidates will be associated with child research centres of international repute. □

On 27 January, Karen Birchard, CBC Radio News' national reporter for science and medicine spent the day on campus. Through a series of interviews arranged for her by the Office of Community Relations, she was made aware of some of the work in these areas being done at this University. Here she is seen talking with Alfred Daniel, vice-president (operations) for Chembiomed. Also interviewed were E.E. McCoy, Pediatrics; E. Diener, Immunology; W.B. McGill, Soil Science; G. Rostoker, Physics; and C.I.J.M. Stuart, Theoretical Biology.

Provincial Cabinet Increases Scholarship Funding

Jim Horsman, the Minister of Advanced Education and Manpower, recently announced an immediate increase in the amount of monies awarded through existing scholarships and bursaries under the jurisdiction of the Student Finance Act. The awards effected by the increases are administered by the Student Finance Board. Mr. Horsman noted that these revisions in funding are part of a continuing review of the province's financial aid program. "Other matters are being given full and continuing attention. Additional revisions are under review for implementation in time for the fall academic year."

Graduate Scholarships and Fellowships awarded upon the recommendation of the institution, to full-time students in graduate programs, will be increased from \$4,800 to \$5,400 and from \$5,400 to \$6,000 respectively.

Supplemental Assistance Grants are available to students unable to complete their study programs due to special circumstances. This special needs group includes single parents, the disabled and the disadvantaged. Grants will be increased from \$4,000 to \$6,000.

Vocational Teacher Development Grants are available to students willing to provide a service to an educational institution under the

jurisdiction of Alberta Education. Students enrolled in studies leading to Vocational Teacher Certification may receive a grant of \$7,000 (up from \$6,000) per academic year.

Government of Alberta Scholarships awarded on the recommendation of the Premier in 1975 and 1977 will be raised from \$5,000 to \$7,000. One-time research grants of \$1,000 may be awarded in addition to the scholarships.

United World College of the Atlantic and Lester B. Pearson College of the Pacific Scholarships will be increased from a maximum of \$5,000 to a maximum

of \$10,000. These scholarships provide two years of education following grades ten and eleven, at coeducational, residential institutions.

Bursaries for Part-Time Students enrolled in adult further education courses, approved by the Board, are now eligible for a maximum bursary of \$300 per academic term.

Undergraduate Scholarships for Students Leaving Alberta are now available for students who achieve academic excellence in Alberta, but wish to pursue undergraduate studies outside the province. □

Student Legal Services of Edmonton

The following article was received from Student Legal Services:

Legal assistance in criminal matters and small claims court for low income groups; information on family law; legal publications, lectures for the general public; assistance in landlord/tenant, immigration and employer/employee problems. These are some of the many services provided to the community free of charge by Student Legal Services of Edmonton.

With its administrative offices located in 114 Law Centre, The University of Alberta, SLS is a non-profit organization of over 235 law students which is funded by the Alberta Law Foundation. The funding enables SLS to operate several community case offices in Edmonton, publish legal materials and maintain year round operations. In addition, SLS has two full-time secretaries, and nine advising lawyers on staff.

The objectives of SLS are to: provide greater public awareness of the law and legal rights and obligations arising thereunder;

facilitate the provision of legal and related services; involve law students directly with legal and related problems; and promote research and reform of the law, its administration, legal education and the practice of law. These objectives are met by the six different divisions of SLS.

Boyle Street, West 10 and Whyte Avenue—community case offices which are staffed by over 150 volunteers. As well as dealing with requests for legal information over the phone, and in the office, members appear with SLS clients in criminal matters in Provincial Judges Court, in Small Claims Court and before various administrative tribunals such as the Unemployment Insurance Commission or the Workers' Compensation Board.

Legal Reform Project aims at achieving reform in certain areas of the law such as rape, environment, matrimonial property, battered women, Legal Aid, etc.

Corrections Project provides assistance and information to inmates of Alberta penal institutions such as Fort Saskatchewan Gaol and seeks to give them a knowledge of the law through a series of seminars.

Family Law Information Project which was created in the Spring of 1979 provides information, assistance and referral on separation, divorce, custody of children, adoption and marriage questions.

Agit Prop Project deals with problems and questions associated with immigration, labour, employer/employee relations, forming societies, and the rights of women and minority groups.

Legal Education Project—Of the many services offered by SLS, perhaps the least well known are its activities in the field of public legal education. In this area, the organization attempts to provide information on the law to as broad a section of the community as possible. This is

undertaken in many ways. One of the most popular and successful is the School Visitation Program. This program involves law students visiting Junior and Senior High School throughout Edmonton and the surrounding areas, to lecture and to lead discussions on a wide range of legal topics. If requested, the law student will organize and supervise mock trials using, wherever possible, the Moot Courtroom at the Law Centre.

Student Legal Services will also provide speakers on request to various community groups. Topics include wills and estates, family law, women's rights, and general criminal law. In the past, workshops, seminars and a series of public lectures on a variety of legal topics have been organized.

A large portion of the public legal education work is done through the preparation and free distribution of legal publication. Current SLS publications include:

1. *Landlord/Tenant Handbook*—The handbook discusses all aspects of the Landlord/Tenant relationship. The booklet is endorsed by the Landlord/Tenant Advisory Board and help in distribution is provided by the Department of Consumer and Corporate Affairs.
2. *Consumer Law*—What the consumer should know about consumer transactions.
3. *Getting Married*—Focuses on some legal issues to consider before marriage.

4. *Environmental Series*—Which includes "The Environmental Cope Kit," a citizen guide to public participation in boards and government departments; and "Air Pollution," and "Water Pollution" guides to Alberta legislation and procedure.
5. *Deserted?*—Rights and remedies whether married or living common law.
6. *Battered Women*—How to use the law when being threatened or beaten by a spouse or friends.
7. *Under 18. You and the Law*—The legal rights and obligations of the child.
8. *Victim of Crime*—Recovery by the victim of a crime for losses caused by injury to the person or damage to property.
9. *Working in Alberta*—Review of laws relating to employment in the province of Alberta.
10. *Human Rights in Alberta*—Review of law relating to protection of human rights.
11. *Cars and the Law*—Legal responsibilities in ownership and operation of a motor vehicle.
12. *Forming a Society in Alberta*—A step-by-step guide to forming a society in Alberta.

For further information and details, contact the offices of Student Legal Services at 114 Law Centre, The University of Alberta, Edmonton, Alberta T6G 2H5, telephone 432-2226.

Letters

Dear Friends:

The issue of *Folio* dated 13 December 1979 reached me only today [16 January 1980]. As usual, it contains much interesting news of the progress of the University.

In particular, it was gratifying to read the citations which accompanied the 1979 Alberta Achievement Awards to several members of the University. These individuals are to be heartily congratulated and thanked for their highly useful services to the community. They have fully justified generous support of the University as a vital arm of the state.

I hope I may be forgiven for calling attention to one phrase in Dr. Gunning's citation which surprised me. In the first sentence it is stated that in 1957 he began to build a chemistry department *where none had existed*. It is a very human weakness to act as though history began with us! But surely it is going too far to ignore completely the pioneer work of Dr. A.F. Lehmann, the founder of the department, and his competent associates, of whom Dr. Ed. Boomer and Dr. Reuben Sandin attained great distinction in their particular fields.

I am sure you understand that this comment is not intended to denigrate in any way Dr. Gunning's distinguished contributions, which I greatly admire.

With all good wishes.

Yours sincerely,
Robert Newton,
President Emeritus

(Editor's note: Robert Newton, LLD 1950, served The University of Alberta from 1921 to 1950, as Professor, Dean, and ultimately President [from 1941 to 1950]. Dr. and Mrs. Newton now reside in Laguna Hills, California. Unfortunately, the citations in the 13 December 1979 issue of Folio to which Dr. Newton and two other correspondents have referred, were copied verbatim from a document released by the Government of Alberta. Folio, therefore, apologizes for the unnecessary embarrassment which inaccuracies in the citations may have caused.)

Symposium on the Diseases of Immigration and Travel

The Alberta Public Health Association Division of Continuing Medical Education, and The Faculty of Medicine are sponsoring this continuing education symposium. The increase in the spread of diseases through travel and immigration have become a great concern in Canada in recent years. Canadians travelling in large numbers to all reaches of the globe, and the recent influx of immigrants from tropical climates are the cause of this concern. This symposium will focus on subjects related to the spread of disease, and the clinical treatment and prevention of travel related disease.

Topics scheduled for the

symposium include "Tropical Disease Screening," "Introduction to Diseases of Travel and Immigration," "Immigration and Screening Program," "Sexually transmitted Diseases," "Tuberculosis," "Immunization Concerns," "Intestinal Parasites," "Hepatitis," and "Malaria."

The College of Family Physicians has approved the symposium for five study credits.

The symposium will be held on 25 February from 8:30 a.m. to 4:20 p.m. Registration fees are \$26, and a limit of one hundred registrants will be accepted. For information telephone 432-6346. □

Edmund Kemper Broadus Lectures

The annual Edmund Kemper Broadus Lecture Series, presented by the Department of English in commemoration of the first Professor of English at The University of Alberta, will be delivered this year by R.R. Wilson, Associate Professor of English at this institution. Dr. Wilson first came to this University in 1967, having gained his baccalaureate and master's degrees in Chicago and PhD at Oregon.

Dr. Wilson's topic for the lecture series, first instituted in 1972, is "Literature and the Notion of 'Game'." The first lecture, "Play: the inordinateness of game," will be given on Monday, 11 February. The second

lecture, "Play: the inordinateness order of play," may be heard two days later, on Wednesday, 13 February. On Monday, 18 February, Dr. Wilson will present the third lecture, "In the Shadow of God's Prick: the game of labyrinths," and on Wednesday, 20 February, the fourth and final lecture will be concerned with "'Rule' and 'Convention': 3 paradoxes (in Alice's adventures)."

All four lectures will be delivered in Lecture Theatre 3, AV Centre, Humanities Centre. For more information about the Edmund Kemper Broadus Lectures, please contact the Department of English at 432-3258. □

Campus "Beeper" Service Expands

After almost two years of successful operation, the University Pocket Beeper System has added an on off-campus telephone number for a trial period to determine if there is interest in "dial up" entry from off-campus locations.

A new telephone number in the "on-campus 432 exchange" is now available so that people from off-campus can access the computer controlled Beeper System. By dialing an eight digit access number and the three digit beeper receiver number, a message can be transmitted to a receiver operating on or off the campus.

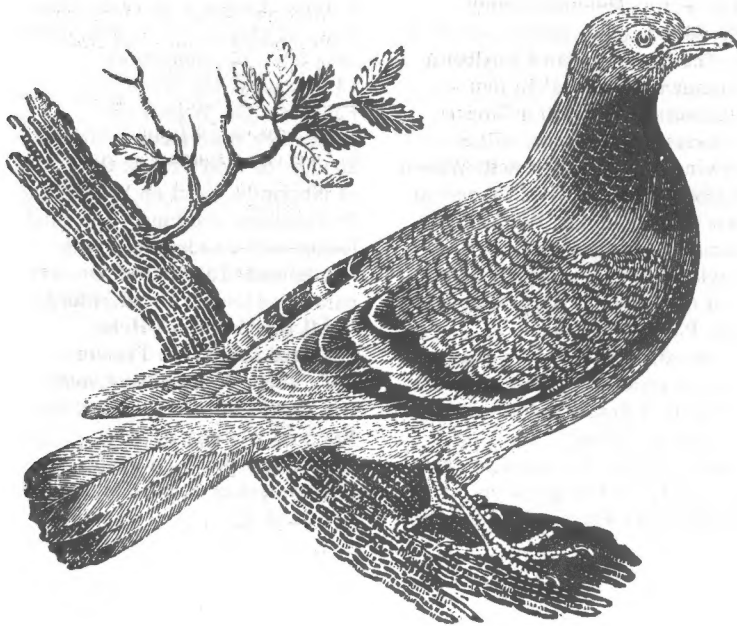

To obtain the access number and learn the operating details, call Fern Campbell, Telecommunications Manager, Extension 3422.

The University owned Pocket Beeper System has proven very popular with several departments and faculties. The system makes it possible for any campus organization to purchase a tone or tone plus voice pocket beeper and signal a received using either

a dial or touchbutton telephone. The system provides acknowledgement tones and can accommodate several simultaneous calls. Using the Henry Marshall Tory Building as a transmitter site, coverage extends throughout the campus and city to the neighboring communities of Leduc, Sherwood Park, etc.

A number of different models of small and lightweight pocket receivers are available to use on the system. However, the beepers must be compatible with the overall network. Faculties and departments are responsible for making their own arrangements with the Purchasing Department for the purchase of the appropriate receivers. The cost of the pocket beepers, including maintenance, is less than \$500 per unit. There is no charge for access into the system. Anyone considering the application of pocket beeper equipment is encouraged to assess this service for their communication needs. □

Pigeon Post

In the 17 January issue of *Folio* an appeal was made to readers to assist University staff in their continuing fight against the aggression of unauthorized avian squatters occupying strategically sensitive positions in Athabasca Hall. Already the response from members of the University community has encouraged hopes that a resolution to this grave problem lies within our reach. The letters published here are submissions received in the Office of Community Relations during the past two weeks. Readers are urged to continue their consideration of the plight of the besieged human occupants of Athabasca Hall. Inasmuch as no Avian Depopulation Committee or University Pigeon Committee has yet been established, it is requested that submissions be addressed to The Editor, *Folio*, 423 Athabasca Hall.

■ Have you ever eaten pigeon pie? It's very good. As to capturing the pigeons, how about letting the male students have a go at

them. Now that panty raids are out of fashion, this would give them something to do at nighttime instead of looking for girls. Our campus cooks would bake the pies.

*John Ferguson,
Scheduled Distribution*

■ I'm not sure how serious your request for pigeon extermination is. However, I successfully rid the window ledges and overhangs of a building in Regina of pigeons by cutting plywood inserts to fit all pigeon-perching areas, and riddling them with nails from the underside, much like a fakir's bed of nails.

*C. Harper,
Drama*

■ The "ratcatcher" in a German city had remarkable success (after two to three years) in reducing the population of pigeons—by replacing eggs in nests with marbles. (If the eggs are destroyed, the birds simply breed again. Otherwise they continue to tend their nests until winter, in false expectations) □

The Pigeon Problem or Burton's Last Theorem

*From learned halls of academe
Will come advice that's hollow,
Advice abstract, advice extreme,
Advice no one would follow.*

*To solve this problem, furthermore,
Eschew advice fanatic;
This kind of problem falls before
The power of mathematic!*

*Those birds know not math's simple laws,
The pigeon and her mate;
Addition does not give them pause
When one plus one make eight!*

*She brings about the problem by
Her lure and her attraction;
Addition fails to simplify—
The solution needs subtraction.*

*A single pigeon knows not math.
She cannot multiply;
She treads a mournful, lonely path—
She cannot even try.*

*The problem set is firstly, then,
The birds to isolate;
Divide each pair, the him and hen;
Suppress the mating rate.*

*The pair now differentiate—
dy/dx their function,
And set the rate they populate
Without the least compunction.*

*dy/dx again, you see,
The her without her hero;
And now you get with certainty
Acceleration zero!*

*Thus all life's problems, great and small,
Of psychics or somatics,
Will yield before the trumpet-call
Of higher mathematics.*

*G.N. Cormack,
The University of Alberta Senate*

people

Margaret E. Steed, Associate Professor of Nursing, has an appointment as Lecturer in the School of Nursing, University of California, San Francisco, for the Winter Semester. Her major area of study will be in Bio-ethics, under the tutorship of Dr. Anne Davis.

Educational Administration and currently president-elect of the international University Council for Educational Administration, was an invited speaker at the First Inter-American Congress on Educational Administration held in Brasilia, Brazil from the 9 to 14 of December 1979. The title of his paper was "Organizational Environments, Interorganizational Linkages and Policy Making in Educational Organizations."

P.M. Dranchuk, Department of Mineral Engineering, presented a paper on "Post-Graduate Engineering Study in North America for Students from Developing Countries" at the International Symposium on Post-Graduate Engineering Education for Developing Countries, held at UNESCO Headquarters, Paris, 11 to 14 December 1979.

H.A. Hargreaves, Department of English, delivered a paper at the Modern Language Association Conference in San Francisco. The paper was titled "Aphra Behn, *The Town Fopp*, and Artistic Discipline."

Peter M. Retzepis, Bell Laboratories, presented a guest lecture on "The Chemistry and Kinetics of Vision" on 17 January.

Albert S. Bregman, McGill University, presented a seminar titled "What are the Units of the Human Psyche" 14 January. The

seminar was sponsored by the Centre for Advanced Study in Theoretical Psychology.

A.T. Olson has been named as one of two award winners for outstanding doctoral dissertations, by the Research Advisory Committee of the National Council of Teachers of Mathematics. (USA). Dr. Olson's dissertation was nominated by the Department of Secondary Education, and will be used as a model for future dissertations.

Bruno Gruber, Southern Illinois University, was guest speaker at a theoretical physics seminar on 23 January. Dr. Gruber's lecture was titled "Dynamical Symmetries for the Harmonic Oscillator and Indecomposable Representations of SU."

John Owens, University of Victoria, presented a botany seminar, in conjunction with the Departments of Botany and Forestry, on 16 January. The Seminar was titled "Conifer Sexual Reproduction."

E.D. Crozier, Simon Fraser University, presented a guest lecture, on 22 January, titled "Extended X-Ray Absorption Fine Structure: A Structural Tool."

Joseph A. Yura, University of Texas, presented two special lectures on 16 and 17 January respectively. The lectures were the "Stability of Structures" and "The Effect of Bracing Details on Structural Behavior."

Ruth McCorkle, Assistant Professor of Nursing at the University of Washington in Seattle, visited this University's Faculty of Nursing on 21 and 22 January. An internationally-known clinical nursing care specialist and nurse researcher, Dr. McCorkle provided consultation on various nursing research projects, presented an address on "Oncologic Nursing Research," gave a seminar to nursing students, and discussed selected aspects of nursing care at the W.W. Cross Institute.

Karol Krotki, Professor of Sociology presented a paper on "The significance for physical

planning of the socio-economic structure of an Islamic city" to the International Symposium on Islamic Architecture and Urbanism at the King Feisal University, Damman, Saudi Arabia.

Paul F. Ziemkiewicz, Alberta Energy and Natural Resources, was guest speaker at a forestry seminar on 23 January. The seminar was titled "Re-establishment of Nutrient Cycling on Reclaimed Coals Mines in British Columbia."

Chris Anderson, North Canadian Forest Industries, presented a forestry seminar titled "Forestry in Alberta: One Opinion on the State of the Art," on 30 January.

L.C. Green, Department of Political Science, recently delivered a lecture to the Department of Law, at Carleton University on "Canada and the Law of Armed Conflict."

coming events

Listings must reach the Editor by 9 a.m. on the Thursday prior to publication. Written notification is necessary. Listings should be sent to 423 Athabasca Hall.

Lectures and Seminars

Faculty Forum

31 January. 3 p.m. "Patient Rights," with speaker Janet Storch. 14-6 H.M. Tory Building.

Department of Philosophy

31 January. 3:30 p.m. B. van Frassen will discuss "Pragmatics of Scientific Explanation." L-3, Humanities Centre.

Edmonton Public Library

31 January. 2 and 7 p.m. "Mutual Funds." Music Room, Centennial Library.

Oliver Community Group

31 January. 7:30 p.m. Residents are invited to hear the Oliver proposed plan. Christ Church Parish Hall, 12116 102 Avenue.

Department of English

31 January. 4 p.m. J. Marino will speak about "Implications of Play for a Theory of Literature." 5-20 Humanities Centre.

Department of Art and Design

1 February. 2:30 p.m. L. Gagnon will discuss "Printmaking." 2-20 Fine Arts Building.

Department of Physics

1 February. 2:30 p.m. I. Calder of Northwest University in Evanston will speak on "Sound Propagation in Superfluid ³He B." 631 Physics Building.

Community Aid to Refugees Today

1 February. 7:30 p.m. "Beef and

Bouquets" night for refugees and sponsors. An opportunity to share experiences and concerns. Sponsors and refugees will meet in separate groups, and translators will be available for the refugee group. 748 Alberta Vocational Centre, 10215 108 Street.

Department of Sociology

5 February. 12 noon. G. Jarvis will speak on "Finding Hidden Drug Users." Music Room, Centennial Library.

Department of Physics

5 February. 3:30 p.m. J. Davies of Atomic Energy Canada will discuss "Ion Channeling in Crystals and its Solid State Application." V128 Physics Building.

Department of Biochemistry

5 February. 4 p.m. "Temperature Sensitive Mutants of Vaccinia Virus," with speaker Grant McFadden of the University of Western Ontario. 227 Medical Sciences Building.

Department of Botany

6 February. 4 p.m. B. Swanson will speak on "Forest Cutting for Water Yield: The Marmot Creek Project." M-149 Biological Sciences Building.

Department of Sociology

6 February. 12 noon. W. Harrell will speak on "Health Problems Associated with the Male Sex Role." 5-15 H.M. Tory Building.

Department of Geography

6 February. 12 noon. L. Cordes of the University of Calgary will talk about "The Effects of Changing Water Levels on the Vegetation of the Peace-Athabasca Delta, 1974-1978." 3-36 H.M. Tory Building.

Department of Economics

6 February. 3 p.m. E. Berndt of the University of British Columbia will discuss "Dynamic Models of Energy Demand: A Comparative Analysis." 8-22 H.M. Tory Building.

Institute of Earth and Planetary Physics

6 February. 4 p.m. "Generalized Ray Theory for an Arbitrarily Oriented Single Force Acting in a Layered Elastic Solid," with speaker F. Abramovici of Tel-Aviv University. 523 Physics Building.

Department of Biochemistry

7 February. 4 p.m. "Control of Protamine Gene Expression in Trout Testis," with L. Gedamu of The University of Calgary. 227 Medical Sciences Building.

Faculty of Arts

7 February. 8 p.m. P. Robberecht will speak on " 'Aimez-Vous Sarraute?' On a variation of *Aimez-Vous Brahms*: Two Contemporary French Novelists." L2 Humanities Centre.

Department of Entomology

7 February. 4:30 p.m. J. O'Hara will discuss "Classification and Phylogenetic considerations of *Siphora* Meigen (Diptera: Tachinidae) and closely related genera." 602 Athabasca Hall Annex.

Department of Classics

7 February. 4 p.m. H. Miller will talk about "Ancient Antecedents in Modern Greek Poetry." 1-8 Humanities Centre.

Department of Chemical Engineering

7 February. 3:30 p.m. S. Singh will discuss "Application of Network Analysis to Energy Modelling." 340 Chemical/Mineral Building.

SUB Art Gallery

8 February. 12 noon. M. Campbell will read her own work. SUB Art Gallery.

Biofeedback Association of Alberta

8 and 9 February. Fourth annual conference at Convention Inn South. Telephone 432-5030 for information.

Computing Science Colloquium

8 February. 3 p.m. "Practical

Aspects of Computer Performance," with speaker Gordon Symes. Dr. Symes is with the Control Data Corporation, Toronto. 723 General Services Building.

Department of Anaesthesia

11 February. 8 p.m. First in the series *History of Anaesthesia* with R. Humble discussing "From Antiquity to Morton." N2-115 Education North Building.

Broadus Lecture Series

11 and 13 February. 4 p.m. The first and second in the series "Literature and the Notion of 'Game'" with lecturer R.R. Wilson of the English Department. Lecture Theatre 3, AV Centre, Humanities Centre.

Exhibitions

Ring House Gallery

Continuing. "Carl Heywood Prints." Screenprints and lithographs done over a ten-year period.

8 February. "Sally Barbier's Recent Works." Mixed media drawings and ceramic sculpture. Telephone 432-5834 for information.

SUB Art Gallery

Continuing. "Mattie Gunterman Photographs," and "Photographs by Brian Wood."

University Special Collections

Continuing. "The Illustrated D.H. Lawrence." B37, Cameron Library.

Edmonton Public Library

5 February. Watercolors by Carol McKenney.

1 February. Photographs by Mark Allan Kempton.

Alberta Culture

Continuing. "Rails of the World." Watercolors by J. Fenwick Lansdowne. Displaying in Provincial Museum.

The Citadel Theatre

The Rice Theatre Lobby
Continuing. "Fat Dancers and Chair-I-Teas." Works by Noreen Crone Coggins.

The Shoctor Theatre Lobby
Continuing. Hendrik Bres',
Printing Services, landscapes and
color field abstractions by
Judy Singer.

Faculté Saint-Jean

Festival culturel d'hiver

Vendredi le 1er février. 3:30 p.m.
Rallye des étudiants au HUB.
Chorale, gigeurs, danse en
farandole.

Soir. Dernière main sur les
sculptures de glace. Feu de joie
dans le champ pour se réchauffer
en travaillant.

Samedi le 2 février. 1:30 p.m.
Jeux de plein air, BBQ en plein
air; et jugement des sculptures
de glace.

8 p.m. Café-rencontre offert par
la Compagnie des Jeunes
Travailleurs au Salon des
étudiants. Il y aura du café et
de la bière, ainsi qu'un goûter.
Prix d'entree, \$2.

Intercollegiate Sports

Men's Hockey

1 and 2 February. 7:30 p.m.
University of Saskatchewan.

Men's Basketball

1 and 2 February. 8:30 p.m.
University of Victoria.

Women's Basketball

1 and 2 February.
University of Victoria.

Theatre

The Citadel Theatre

Shoctor Theatre
Continuing. "Hey Marilyn."

Rice Theatre
Continuing. "Billy Bishop
Goes to War."

Zeidler Hall
Continuing. "Pinocchio."

Workshop West

Continuing. "The Adventures of
Benny The Beaver in the Third
World War." Edmonton Art
Gallery Theatre.

Walterdale Theatre

Continuing. Kevin Burns of the
Drama Department will direct
this "collective creation."

Studio Theatre

7 February. "The Birthday Party."
Performances in Corbett Hall,
Studio Theatre Stage '80.

Dance Motif '80

14, 15, and 16 February. 8 p.m.
Presented by The University of
Alberta Orchestis Creative Dance
Club. Tickets \$3.50/adults,
\$2.50/children. Available at HUB
box office and from Orchestis
members.

Music

South Side Folk Club

Saturday, 9 February will feature
Alan Roberts and Dougie
McLean from Scotland with
Ian Bowden. The Orange Hall,
104 Street and 84 Avenue at

service information

Information must reach the Editor by
9 a.m. on the Thursday prior to publi-
cation. Written notification is necessary.
Notices should be sent to 423 Athabasca
Hall.

Scholarships, Fellowships and Awards

Contact the Student Awards Office for
information on the following.

National Institute on *Mental Retardation*

Awards valued at up to \$7,500 are
available to students planning a
career either directly in mental
retardation or an associated
professional field.

Colin Inkster Memorial Awards

Awards up to \$5,500 are available to
graduates of St. John's College or the
University of Manitoba.

CMHC University Scholarship

Graduate scholarships are available in
all fields related to housing. The awards
are valued at \$5,400 plus travel expenses.

Peterhouse, Cambridge *Research Studentships*

Candidates for the degree of PhD in
an unspecified field of study are
invited to apply for awards of up to
£1,625 per year for three years.

Royal Commission for the *Exhibition of 1851*

Post-graduate scholarships in the fields
of physical and biological sciences are
available to all residents of British
Commonwealth nations. Ten awards of
£2,500 per year for two years are
being offered.

IDRC Education Research Award

Post-graduate scholarships valued at up
to \$5,000 are available in a wide range

of disciplines. The awards are tenable in third world countries.

Canadian Studies Program at Hebrew University

One year with full benefits, for the position of full professor, is available in the sciences, humanities, and law.

Noranda Research Graduate Fellowships

Post-graduate research fellowships are available for fields related to mining and metallurgy. The awards are valued at \$7,500 for up to three years.

William Selkirk Scholarships

One post-graduate research award in London, England is available for studies in mineral resources engineering.

RTZ Research Bursary

One award of £2,350 per year for up to three years is available for post-graduate research in the fields of mining and beneficiation of minerals. The award is tenable in London, England.

Research Grants

Descriptive or Experimental Studies

The Alberta Advisory Committee for Educational Studies invites applications for grants to support descriptive or experimental studies in Education.

Grants in excess of \$3,000 are awarded only rarely because of limited available resources. Grants cannot be given for travel unrelated to the proposed research project, nor for research which is part of graduate studies.

Application forms may be obtained from, and returned to, Mrs. Helen Mitchell, 1320B Education Tower, The University of Calgary, Calgary, Alberta T2N 1N4.

The deadline for submission of applications is 11 March 1980. Applications received by that date will be considered at the spring meeting of the Alberta Advisory Committee for Educational Studies.

Notices

Civil/Electrical Engineering South Entrance

The Campus Development Office is pleased to advise that the new South Entrance to Civil/Electrical Engineering Building will be open for use Monday, 11 February 1980. We thank staff and students for their cooperation during construction. This renovation will improve this major access from the point of view of safety, accessibility for the handicapped, and the general pedestrian movement.

Curling

The NASA Mixed Bonspiel will be held 2 and 3 February. For information telephone 432-4578 or 432-4140.

GFC Nominating Committee

The GFC Nominating Committee is seeking nominations for a member of the academic staff to serve on the Selection Committee for Chairman of the Department of Industrial and Vocational Education. Regulations governing the composition of selection committees require that one member, not a member of the department concerned be elected by General Faculties Council.

Would those who have suggestions for nominations or who are interested in serving on the above committee please contact the Secretary of the Nominating Committee at 2-1 University Hall (432-4715). It would be appreciated if a very brief vita could accompany any nominations.

Give Us A Song

The Alberta Composers' Association and the Performing Arts Branch of Alberta Culture are sponsoring a song competition open to all Albertans as Seventy-fifth Anniversary project. The winning writers will receive \$1,980 for first prize, \$750 for second prize, and ten third prizes of \$75. The winning song may be adopted as the official Anniversary anthem. Deadline for entries is 15 March 1980. For information telephone L.P. Hrushowy at 424-0692.

Alma Mater Funds Available

The University's Alma Mater Fund now has money available to assist groups on campus engaged in worthwhile projects. The Fund is the vehicle through which our alumni make annual contributions to the University. These gifts are made with the understanding that they are to be used to assist projects which can give an added dimension to University activities.

In order to be eligible for support from the Alma Mater Fund, a project should have a strong student and student-community orientation, and not be of a type normally funded from general University operating or research funds. The Alma Mater Fund is not intended to finance salary expenses, and proposed projects should not be designed to advance the academic careers of individual students.

Grants will not be made for the support of existing publications, and they are normally made to a project only once. Organizers of continuing projects should not expect annual support from the Fund.

Application forms are available from the Office of Community Relations, 423 Athabasca Hall, and must be submitted by 15 February 1980. For further information, please contact Theresa Papirnik, Secretary to the Alma Mater Fund Allocations Committee, telephone 432-2325.

HUB Apartment

Applications for summer and fall accommodation will be accepted 11 to 15 February at the HUB Office. Suites will be assigned as requested and a

waiting list established. There is no need to line-up over night this year. Simply pick-up an application form and return it to the Office. Assignments will be confirmed by the end of March. New rates are not available at this time pending approval by the GFC Housing and Food Services Committee.

Faculty Tenure Committees:

Panel for Faculty Members

The GFC Nominating Committee is seeking nominations for two faculty members to serve on the above Panel.

Would those who have suggestions for nominations, or who are interested in serving on the above Panel, please contact the Secretary of the Nominating Committee at 2-1 University Hall, telephone 432-4715. It would be appreciated if a very brief vita could accompany any nomination.

Security in PERC

The following notice has been received from W.F.G. Perry, Director, Campus Security and Traffic: Because of a spate of thefts from lockers in our Physical Education Centres, users are strongly cautioned not to leave money or other valuables in lockers while using recreational facilities.

Facilities are available at the offices for safekeeping of such valuables and should be used. Lockers are not secure, even when padlocked, as numerous thefts have shown, nor are lockers in the ladies areas immune.

The best protection is to take with you nothing more than is essential and to ensure all valuables are placed in safekeeping, not in lockers.

Non-Credit Courses

Faculty of Extension

The courses listed below are open to all members of the public and members of the University community.

Low Energy Passive Solar Heating

Date: 2 February. Time: 8:30 a.m. to 9:30 p.m. Fee: \$50. Telephone: 432-3116.

Positions Vacant

On-Campus

Interviewers

The Population Research Laboratory of the Department of Sociology requires interviewers for a research project scheduled to take place in February and March. Employment is temporary, and will consist of evening and week-end work. A car is necessary. For information telephone 432-4659.

Dean of Arts

The Advisory Selection Committee invites the nomination of, or the application from, candidates for the position of Dean. Both men and women are invited to apply. Written nominations, or applications, accompanied by a curriculum vitae and the names of three referees, should be sent within the next two weeks to President Myer Horowitz, 3-1 University Hall.

Chairman

The Department of Industrial and Vocational Education, Faculty of Education, is accepting applications for the position of Department Chairman. Applications must be received by 1 March 1980. Address enquiries and applications to: Dr. Walter Worth, Dean, Faculty of Education, University of Alberta, Edmonton, Alberta T6G 2G5.

Assistant Registrar

(Examinations and Timetabling).

The Office of the Registrar invites applications for the position of Assistant Registrar. The Assistant Registrar is responsible for the successful operation of the "Examinations and Timetabling" Division of the Registrar's Office. With a staff

of 9, the functions of the Division include production of the University sessional timetables, Calendars, and examination schedules; allocation of classroom space; developing and maintaining course-related procedures for advance and in-person registration; and arranging special examinations. A more complete job description is available to interested people.

Qualifications required are a university degree and administrative experience, preferably in a university or college setting. Experience with administrative applications of computer systems is highly desirable but not essential.

This is an APO position with a salary range beginning at \$21,689. Actual starting salary within this range will be commensurate with qualifications and experience.

Interested persons should submit a letter of application, résumé and the names of three referees to:
Dr. W.A. Blanchard, Registrar
Registrar's Office
Room 201 Administration Building,
The University of Alberta
Edmonton, Alberta
T6G 2M7

Come on EDMONTON Let's CELEBRATE

1980 — the 75th Anniversary of Alberta. In 1905, Alberta proudly became a province in Confederation, with Edmonton as the capital. Now, we're celebrating! Funding has been provided to the City of Edmonton by the Government of Alberta to support our local celebrations.

An Edmonton Anniversary Committee of volunteers has been appointed to review proposed projects and events.

YOU CAN PARTICIPATE Individuals and Organizations — give us your best thinking!

New or improved facilities. Innovative Services. Neighbourhood or city-wide. Big or small. If you or group has a project you can organize, the Anniversary Committee would like to hear from you.

HOW TO TAKE PART

The Edmonton Anniversary Committee needs the following information from all applicants:

1. Name, address, and phone number of organization or individual.
2. Name and phone number of contact person.
3. Full project description (including completion or activity date) and a description of community involvement and benefit.
4. A description of the applicant's expertise with the type of project or activity proposed.
5. A projected budget including all sources of revenue and expenses anticipated and an explanation of the effect of partial funding.
6. If it's a **capital** project, include a projected annual operating budget for the first five years, and indicate the anticipated source of funds for any projected deficits.
7. A description of the project's relationship to Alberta's 75th Anniversary or the history of Alberta.

LET'S HEAR FROM YOU!

Got an idea? Would members of an organization you belong to have some ideas? Why not get together and discuss ways you can help celebrate Alberta's 75th Anniversary! It's our heritage — and our future.

Come on Edmonton! Let's Celebrate!

All applications should be in writing and all will be acknowledged. Applications must be submitted prior to February 15, 1980 to:
